

# Bilayers at the ILL

## Wednesday, 11 December 2019

### Session B - Chadwick Amphitheatre (16:20 - 18:00)

time	[id] title	presenter
16:20	[3] Linking membrane structure and dynamics: insights from neutron scattering	KELLEY, Elizabeth
16:50	[49] Curved lipid interfaces studied with GISANS	MOTHANDER, Karolina
17:10	[32] Partitioning of DNA nanochannel between Lo/Ld phases in a lipid membrane: Relevance of lipid anchors	SAYED, Ahmed
17:30	[70] The lipid organisation in skin: an integrated approach of lipid model systems and clinical studies	BEDDOES, Charlotte
