

Bilayers at the ILL

Thursday, 12 December 2019

Session C - Chadwick Amphitheatre (09:00 - 10:40)

time	[id] title	presenter
09:00	[1] Shedding light into membrane receptor functioning and lipid interactions by plasmon waveguide resonance	ALVES, Isabel
09:30	[77] Probing the internal structure of nanoparticles for mRNA delivery	DABKOWSKA, Aleksandra
10:00	[24] DNA-tagged lipid bilayers: novel nano-scaled membrane-mimetic systems	FAHMY, Karim
10:20	[19] A multi-technique approach for the characterization of the self-assembling of cyclic peptides into nanotubes at biological model membranes	CLARO, Barbara
