**Experimental life – how to perform experiments in future (Chair: Astrid Schneidewind) (16:30 - 19:10)**

time	[id] title	presenter
16:40	[3] Path-finding for triple-axis spectrometers	WEBER, Tobias
17:10	[30] Benchmarking autonomous TAS experiments	TEIXEIRA PARENTE, Mario
17:50	[6] The need for realistic simulations of phonon intensities in inelastic neutron and x-ray scattering – an experimentalist's perspective	WEBER, Frank
18:30	[21] Digital Twins and Virtual Experiments: developments and chances	BRANDL, Georg
