Experimental life – how to perform experiments in future (Chair: Astrid Schneidewind) (4:30 PM - 7:10 PM)

time	[id] title	presenter
4:40 P	[8] Path-finding for triple-axis spectrometers	WEBER, Tobias
5:10 P	[10] Benchmarking autonomous TAS experiments	TEIXEIRA PARENTE, Mario
5:50 P	[6] The need for realistic simulations of phonon intensities in inelastic neutron and x-ray scattering – an experimentalist's perspective	WEBER, Frank
6:30 P	[11] Digital Twins and Virtual Experiments: developments and chances	BRANDL, Georg
