Providing the right experimental conditions - for real (Chair: Arno Hiess) (10:30-12:45)

time	[id] title	presenter
10:35	[32] Beyond the basics - complex sample environment for neutron spectroscopy	BARTKOWIAK, Marek
11:00	[35] High Field Magnets using High Temperature Superconductors	BADEL, Arnaud
12:15	[17] Stroboscopic polarized experiments to study the domain dynamics in multiferroics	BRADEN, Markus
