

JEAN-YVES ESCABASSE

PROGRAMME MANAGER 3D ARCHITECTURES

JEAN-YVES ESCABASSE | CEA

Jean-Yves Escabasse, Manager Funded Projects, 3D Architectures, studied chemistry in Bordeaux where he made his engineering diploma and thesis in chemistry. He has more than 35 years of experience in R&D and Innovation within several materials industry sectors, with positions held in companies and research institutes, and responsibilities in product and process development, team management, regulatory affairs, IPR issues, sales and marketing, large project management.

He has coordinated many multinational projects in FP7, H2020 and ERA-NET programmes, in particular, recently, the on-going FoF-08 project DIMOFAC "Digital Intelligent Modular Factories" (GA 870092). He is currently in charge of funded projects in the "3D Architectures" Team of CEA Liten.
