

# ADD2022

## Thursday, 20 October 2022

### Conference - Day 2 - Session 3 - ILL4/rdc-1 - Amphi Chadwick (08:30 - 10:30)

-Conveners: Stefano Checchia

time	[id] title	presenter
08:30	[33] A pedagogical journey in search of hydrogen disorder with RMCProfile analysis of X+n data from hydrogrossular	KEEN, David
09:15	[34] Exploring fundamental aspects of the structural organization in weberite-type tantalate oxides using neutron total scattering technique	GUSSEV, Igor
09:40	[35] Solving atomic structures by combining analysis of PDF pattern with DFT calculations in machine learning enhanced global optimization	DONONELLI, Wilke
10:05	[36] Symmetry-Adapted Pair Distribution Function Analysis	BIRD, Tobias
