

canSAS 2023

Tuesday, 17 October 2023

Simultaneous modeling: needs, pitfalls, solutions: Chair: Judith Houston, ESS (16:30 - 18:10)

time	[id] title	presenter
16:30	[24] Pitfalls and how to avoid them when simultaneously modelling small-angle neutron and X-ray scattering data	PEDERSEN, Jan Skov
17:00	[42] A Seamless model for seamless scattering data including molecular and colloidal scales in wood cell wall	NISHIYAMA, Yoshiharu
17:30	[43] Reflection, refraction, and scattering from liquid foams.	CHIAPPISI, Leonardo
17:50	[27] [cancelled] BornAgain - open-source cross-platform software to simulate & fit GISAS & reflectometry	SVECHNIKOV, Mikhail
