

# John White Symposium

## Friday, July 19, 2024

### Spectroscopy and other Neutron Techniques (11:00 AM - 1:00 PM)

time	[id] title	presenter
11:00 AM	[17] John White, an early explorer of molecular dynamics by neutron scattering	ZACCAI, Joseph
11:30 AM	[14] John White's contributions to Chemical Spectroscopy	GHOSH, Ron
12:00 PM	[10] On the structural changes of edible oils by using green biobased tools to control the functional properties	NYLANDER, Tommy
12:20 PM	[16] White spectra, phase space utilisation, Egelstaff rules and TOF-to-LTD S(Q,w)-easing	FULLAGAR, Wilfred
12:40 PM	[11] John White and his role at IPNS in the 1980s	Prof. LANDER, Gerard
