

## Session Program

Jul 18 – 19, 2024

## John White Symposium

### *Spectroscopy and other Neutron Techniques*

ILL4

# Fri, July 19

11:00 AM

Spectroscopy and other Neutron Techniques	
Session   Location: ILL4	
11:00 – 11:30 AM	<p><b>John White, an early explorer of molecular dynamics by neutron scattering</b></p> <p><b>Speaker</b> Joseph Zaccai</p>
11:30 AM – 12:00 PM	<p><b>John White's contributions to Chemical Spectroscopy</b></p> <p><b>Speaker</b> Ron Ghosh</p>
12:00 – 12:20 PM	<p><b>On the structural changes of edible oils by using green biobased tools to control the functional properties</b></p> <p><b>Speaker</b> Tommy Nylander</p>
12:20 – 12:40 PM	<p><b>White spectra, phase space utilisation, Egelstaff rules and TOF-to-LTD <math>S(Q,w)</math>-easing</b></p> <p><b>Speaker</b> Wilfred Fullagar</p>
12:40 – 1:00 PM	<p><b>John White and his role at IPNS in the 1980s</b></p> <p><b>Speaker</b> Prof. Gerard Lander</p>

1:00 PM
