

School and Conference on Analysis of Diffraction Data in Real Space

Thursday, 15 January 2026

Conference fifth session - Auditorium (13:55 - 15:30)

-Conveners: Stefano Checchia

time	[id] title	presenter
13:55	[143] Total scattering and PDFs using X-ray free-electron lasers: quality data in 30 femtoseconds	KEEN, David A.
14:40	[144] Real-time observation of rapid densification and degradation in flash sintered multilayer systems for battery materials	FUKADA, Riku
15:05	[145] CO-induced dynamic behaviour of Al ₂ O ₃ -supported Pd nanoparticles at room temperature	BONAVIA, Daniele
