

# School and Conference on Analysis of Diffraction Data in Real Space

## Friday, 16 January 2026

### Conference seventh session - Auditorium (08:30 - 10:30)

-Conveners: Daniel Chaney

time	[id] title	presenter
08:30	[149] Isolating TEM instrumental function to the ePDF	SECCO LEMOS, Victor
08:55	[150] Dynamic magnetic pair-density function analysis (DymPDF)	SHAMOTO, Shinichi
09:40	[151] Understanding local structure and dynamics in Prussian blue analogues	HARBOURNE, Elodie
10:05	[152] Grazing Incidence Total Scattering at PETRA III: Extending Local Structure Analysis to Ultrathin Films on Single-Crystal Substrates	IGOA, Fernando
